

## NORTH SEA CONVENTION

Modification by Russia Not Accepted.

Exchanges Continue Between the Two Countries on Subject.

Difficulty Is to Find Satisfactory Equivalent in French for Word "Blame."

LONDON, Nov. 18.—Great Britain has not yet accepted the modifications of the North Sea convention proposed by Russia.

The draft of the convention, which now has an interesting career, is the subject of the vording of the Foreign office and the Russian Foreign office.

A satisfactory conclusion of these exchanges is anticipated shortly, though probably will be next week before the convention is actually signed.

One of the chief difficulties is to find a satisfactory equivalent in French for English word "blame."

## DISCOURAGED

The expression occurs so many times in letters from sick women to Dr. Pierce, "I was completely discouraged." And there is always a good reason for the discouragement. Years of suffering. Doctor after doctor tried in vain. Medicines doing no lasting good.

Thousands of these weak and sick women have found health and courage regained as the result of the use of Doctor Pierce's Favorite Prescription. It establishes regularity, dries unhealthy drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"In the year 1899 I was taken sick," writes Mrs. Edna Cromer, of Ripley, Landdale Co., Tenn. "My limbs ached, I had severe pains in back and lower part of bowels, with difficulty in urination, and smarting and burning pain after I tried many kinds of medicine and four of the best doctors in the country, until I gave up all hope of recovery. In January, 1901, I wrote to Dr. R. V. Pierce, of Buffalo, N. Y., and received from him a letter, telling me to try his medicine. I took eleven bottles, six of 'Favorite Prescription,' six of 'Golden Medical Discovery,' one of 'Pills' and used one box of 'Lotion Tablets' and one of 'Healing Suppositories,' and am now able to work at anything I want to. Thanks to you for your valuable medicine and kind advice."

Weak and sick women are invited to consult Dr. R. V. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.
